Connecting with Students

School of Electrical Engineering & Computer Science (EECS)
Oregon State University
EECS Capstone and Senior Design Projects ($5K)

- Projects scope should be what you would assign one summer intern.
- Non-critical path projects work best.
- Project posters and prototypes are demoed at the May Engineering Expo.
- Sponsorship helps cover project costs, support infrastructure, maintain labs.

- **Sponsors:**
  - Build on-campus visibility and connect with talent.
  - Besides acting as guides, mentors foster an atmosphere of creativity, innovation and leadership.
  - Opportunity to impact training.
  - Evaluate potential hires.

  - See video from Engineering Expo at [https://goo.gl/6h27Ac](https://goo.gl/6h27Ac)
Hardware Hackathon (HWeekend) ($5K/event)

So what’s a HWeekend?
• Structured like a start-up weekend/hackathon
• Students work in teams to build a new piece of technology during a 30-hours (Sat.-Sun.)

Sponsors
• Opportunity to mentor students
• Pre-view possible interns
• If donating materials, help students understand how to use product
• Raise visibility for organization with participants
• Increase student excitement and enthusiasm for their field

Check out past events!

• Watch video from a previous HWeekend: https://goo.gl/DCuIr9
Oct. 17, 2017 Networking Night ($1K)

- Targeted networking event for undergraduates – including Freshmen, Sophomores, Juniors and Seniors
- Students sign-up ahead of time to meet with sponsoring industry.
- Goal is to expose students to possible career options, and help educate them about future employment/internships
- Held after the Engineering Career Fair (night before STEM Career Fair)
- More relaxed venue to engage students

- **Sponsors are invited to:**
  - Student mixer
  - Pitch their company to the student crowd
  - 3 Breakout sessions with the students
  - Build visibility for your company
- Details at [http://goo.gl/w9XxaS](http://goo.gl/w9XxaS)
Feb. 20, 2018 Industry Reception ($1K)

• Targeted networking event for both undergraduates and graduates (Freshmen – PhD)
• Typically attended by several hundred students
• More relaxed environment
• Students select the companies that most interest them

• **Sponsors are invited to:**
  ✓ Student mixer
  ✓ Pitch your company to the student crowd
  ✓ 3 Breakout sessions with the students

Career Showcases

• Connect with students in our online computer science program
• Career Showcases held in Portland, OR
• Students have completed a Bachelor’s and are now pursuing a 2nd Bachelor’s degree in Computer Science
• Median student age is 29
• Students on average, more mature, more driven
• Students located globally; most in the US.

• Sponsors are invited to:
  ✓ Faculty/Student Luncheon
  ✓ Company introductions introductions
  ✓ Network with students during the afternoon event including several “Speed Networking” rounds

Visit website for interviews and video from previous Showcases: http://goo.gl/dbO0Ko
CreateIT Collaboratory (Dependent on Project/~$50K)

• **What is it?**
  • Companies supply a project problem
  • Student interns are hired in small teams to work on a project
  • Students leverage their excitement, industry guidance, faculty mentorship to develop new concepts and solutions

• **Sponsors:**
  • Opportunity to mentor students and impact training
  • Access to project outcomes
  • Evaluate students for hire as interns/NCGs
  • Learn more at our website: [http://eecs.oregonstate.edu/collaboratory](http://eecs.oregonstate.edu/collaboratory)
INSPIRE Industrial Affiliates Membership ($10K)

- Connect with undergrads through one convenient program!
  - Senior Project
  - Space @ October Networking Night
  - Space @ February Industry Reception
  - Access to space at both the Oct. and June Career Showcases for online Computer Science students

Members enjoy:
- Annual resume books
- Organization name on the welcome monitors in the Kelley Engineering Center Lobby
- Logo on our website
- Company Day – Spend some time with our EECS students!
- Engage with the School of EECS and our students in a very focused way!

2017-18 Student Engagement Calendar
School of Electrical Engineering & Computer Science

Sept. 15  Deadline to Sponsor Capstone Senior Project
Sept. 15  Deadline to Become an INSPiRE Industrial Affiliate
Oct. - May  Hweekends
Oct. - May  CreateIT Collaboratory
Oct. 17  Undergraduate Networking Night
Dec. 11  Career Showcase
Feb. 20  Industry Reception
May TBD  Undergrad Engineering Expo (with Capstone Senior Projects)
June TBD  Career Showcase

See our calendar for a complete list!
Thank you!!
