EECS Capstone Senior Projects (\$2K/project; \$500 small business)

- Project scope should be what you would assign one summer intern.
- Only non-critical path projects
- Project posters & prototypes demoed @ Undergraduate Engineering Expo
- Sponsorship helps support infrastructure, maintain labs, project costs

Sponsors:

- ✓ Impact student training without obligation to hire
- ✓ Besides acting as guides, mentors foster an atmosphere of creativity, innovation and leadership
- ✓ Build visibility for your company
- ✓ Make a positive impact!

EECS Networking Night – October & February (\$200)

- Targeted networking event for both undergraduates and graduates (Freshmen – PhD)
- Students select the companies they meet with
- Held the night before STEM Career Expo
- Build visibility with ECE and CS students

Sponsors are invited to:

- ✓ Meet students during several breakout sessions, each lasting about 20 minutes
- ✓ Connect with students, sharing an overview of your organization, culture, values, roles you hire for, and your cool technology

Hardware Hackathon (HWeekend) (\$5K/event)

So what's a HWeekend?

- Structured like a start-up weekend/hackathon
- Students work in teams to build a new piece of technology in 30-hours

Sponsors

- ✓ Opportunity to mentor students
- ✓ Pre-view possible interns
- ✓ If donating materials, help students understand how to use product
- ✓ Raise visibility for organization with participants
- ✓ Increase student excitement and enthusiasm for their field
